

Unit 1 Paragraphs

- **Paragraph 1 : Staying safe online :**

Staying safe online is an important thing that we should care about while using the Internet. One of the ways to stay safe is securing your account with a strong password, the people who steal account can also steal your identity and pretend to be as you, starting to post with your name and do everything. Also, one of the best ways to protect yourself online is avoiding clicking on random links, some of them is made to steal your information or to hack your device. Also, one of the best ways to protect your electronic devices by installing antivirus programs that will help you avoiding them. In conclusion, viruses can easily attack your device by a lot of ways, but the user should be careful while using the Internet and protect himself.
